### *My Letter*

Hailey Shi, Grade 11

Survivor Testimony: Gerda Weissmann Klein

Gerda Weissmann Klein was fifteen years old when the Holocaust tore apart her family. She was put through so many hardships, yet she continued to persevere. My letter is in response to Gerda's testimony and a book that she published, titled All But My Life. Her story is one of grief and devastation, but her strength and resistance defied the power of the Nazis. And no matter how hard they tried to destroy her, she wouldn't let them take away her determination to survive. I hope my letter celebrates her story and her life.
